Onze 'online business intelligence tool', Atradius Insights, is ontwikkeld in nauwe samenwerking met onze klanten, om hen te helpen hun debiteurenportefeuilles te beheren en zicht te houden op de polisresultaten van hun kredietverzekering. Dankzij 'state of the art' toepassingen en een interactief ontwerp, haalt u met deze tool dé nieuwe standaard in de kredietverzekeringmarkt in huis.

- Volg de trends en ontwikkelingen in uw debiteurenportefeuille
- Anticipeer op toekomstige wijzigingen in de dekking
- Gebruik de interactieve wereldkaart omkansen én risico's te identificeren
- Benut onze grafieken om snel afwijkingen vast te stellen of andere aandachtsgebieden helder in beeld te krijgen

Want to know what our customers are saying about Atradius Insights?

“ It’s really a new view on the credit insurance world. You can apply filters and look at it from this perspective, or that perspective.”

Hunter Douglas – Marcel Stakenburg (Credit Manager)

“ We cannot afford to take risks. We now have a better vision on all the data that we have. Within just one main screen you have the whole development of everything that I need to know. For me it’s a game changer in the industry. I would like to say it’s the best in industry.”

Ingram Micro – Frédéric Wittemans (Sr Director European Credit)

“ I’m very glad that Atradius involved us, as a customer, in developing this tool. You need to be as proactive as possible, and this tool helps me to do that.”

Electrolux Group – Arne Antonsson (Global Chief Credit Officer)

“ To look at the steps ahead. Credit risk is all about opportunities as well. This tool takes us to the next level. It shows you what the risks are and at the same time also what opportunities you have. It provides us with a type of steering the way around and see what kind of direction we would like to go. With this new tool we are able to even further standardize the way we do business.”

Philips – Javier Gimeno (Credit Risk Manager)
